### *To our esteemed customers!*

It is with great pleasure that after an interruption of six years, we are in a position to send you our offer for all kinds of bulbs.

Prices have been fixed as low as possible, and are based on delivery "FREE ON RAIL NEW YORK STATION", which means that on top of our catalogue prices you will only have to pay the railway freight from New York to your city.

So you will no longer be burdened with the charges for packing, ocean freight, insurance, import duties, custom's clearance etc., which charges, especially on smaller consignments, increase the cost of the bulbs considerably.

To give our customers the best possible service, we now have established an office in New York City, which will enable us to supervise and expedite the forwarding of the bulbs, as soon as they arrive from Holland.

All our bulbs are delivered under full guarantee and we remain responsible till after flowering time. Only the best is just good enough for our customers.

Hoping to be favoured with your orders, which will have our best care and attention, we remain

*Yours faithfully,*

Specially prepared **HYACINTHS**

*In consequence of a special treatment, these Hyacinths come into flower about a fortnight earlier than ordinary Hyacinths. If you plant them before the middle of October, you can have them in flower by Christmas. The earlier they are planted, the better ! Coal is very scarce in our country, so we have only a limited quantity of these prepared Hyacinths, and we advise you to send in your orders for them as early as possible. If they have been sold out, we cannot get them elsewhere.*
